## About Us

A decade ago, **Mr. Bharat Bhushan** established Bharat Expo Feeder in Sahibabad with the aim of addressing industry disparities. Our commitment to delivering optimal products is underpinned by cutting-edge technology and strategic location advantages. Prioritizing quality in customer offerings remains paramount, facilitated through a range of operational machinery including hot stamping, laser technology, horizontal and vertical injection molding, and hand molding techniques.

Our extensive product portfolio encompasses cash bag seals, tanker seals, bolt seals, cotton wax cords, hangers, ATM cassette seals, plastic seal tags, garment sealers, and security seal Tags. Upholding industry benchmarks is ingrained in our organizational ethos. Central to our mission is the accentuation of a customer-centric approach and unwavering dedication to delivering exceptional service, achieved by providing premium-quality products at competitive prices.

Over the past decade, Bharat Expo has evolved into a beacon of reliability and innovation in the industry, guided by Mr. Bhushan's vision. Our relentless pursuit of excellence and customer satisfaction continues to drive our operations, positioning us as a trusted partner for businesses seeking superior solutions in security and sealing products.

# Bolt Seal

## Applications

- ➔ Trucks/Vans/Tankers
- ➔ Customs
- ➔ Railway Wagons
- ➔ Containers

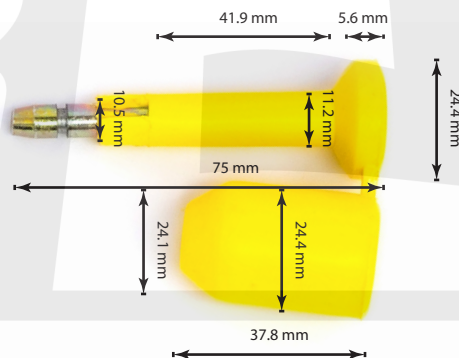

# Bolt Seal

7 mm

Bolt seals or Container Seals are a powerful and versatile sealing tool that is an absolute must in transport and various other industries. They are the most popular sealing solution for shipping containers, owing to their easy application process and the extreme difficulty to break them, that means that while their application can be done by hand, they can only be removed by using a bolt cutter, thereby adding an extra layer of security.

Model Number	BS-01
Length of Piece	75 mm
Thickness of Piece	24.4 mm
Diameter of Seal	7 mm
Color	Multicolor
Length of Lock	37.8 mm
Thickness of Lock	24.4 mm
